The Little E-book of Horrors!

365 scary stories, one for every night of the year

Scare yourself silly before bedtime for a whole year with this nifty anthology of terrifying tales, scary stories, mayhem, murder and mystery.

J R Hartley has travelled the universe to bring you the very best, most horrifying, disgusting and disturbing tales of ghosts, spirits, doom and gloom. You'll love his vampire tales from far-flung Mercury, ghost stories from Mars and the very best Venusian science horror-fiction. Plus new tales from recently discovered planets and civilisations way beyond our homely little solar system.
